STATUS OF IMPORTED TASMANIAN SHELLS

PENDING JUDICIAL DETERMINATION OF CORRECT CLASSIFICATION AS JEWELRY.

The following communication from Assistant Secretary Armstrong regarding Tasmanian shells has been received by the collector of customs at San Francisco.

Shell Necklaces.

Appeal directed from decision of the Board of United States General Appraisers (G. A. 5810 of September 20, 1904), wherein it was held that certain Tasmanian shells, permanently strung on cotton thread, were dutiable as manufactures of shell at 35 per cent ad valorem under paragraph 450, act of 1897.

Treasury Department Dec. 17, 1904. Sir: Referring to the Department's letter of January 22d last, enclosing a copy of a letter from the appraiser of merchandise at New York, dated December 10, 1903, and one from the Department to the collector of customs at Honolulu relative to the classification of certain Tasmanian shells imported in the form of necklaces, I have to advise you that the collector at Honolulu, in accordance with the instructions contained in the Department's letter of December 10, 1903, above referred to, assessed duty upon an importation of this merchandise as jewelry at the rate of 60 per cent ad valorem under paragraph 434 of the existing tariff act; that the importers filed a protest against the decision of the collector in this regard, and that the Board of United States General Appraisers having sustained the protest in a decision dated September 20, 1904, G. A. 5810 T. D. 25663, the Department, under date of October 29th last, instructed the collector to file an application for a review of the said decision, which was done.

Pending a judicial determination as to the correct classification of this merchandise, it should be returned for duty as jewelry under paragraph 434.

Respectfully,

ROBERT H. ARMSTRONG, Assistant Secretary.

THE CASTINOS GET TRANSPORTATION

THEY CAN DEPART ON THOMAS

FOR GUAM PROVIDED THEY DO NOT MISS THE VESSEL.

L. Castino and family may consider themselves very fortunate individuals. They have been granted transportation from Honolulu to Guam on no less than two government vessels and if then don't reach their desired haven of residence it will not be the fault of the United States government.

Castino and his family were left behind by the Naval transport Solace last week as they misunderstood the sailing hour of the vessel. Considerable sympathy was felt for them and the cabin soon became hot with messages between the Navy and War Departments. It was urged upon the War Department to grant the transportation by the next transport to Guam. The order giving the transportation by the Thomas was received several days ago.

Castino and his family have ever since been eagerly awaiting the arrival of the vessel. It is very probable that the family will board the vessel the instant she gets alongside the wharf and never leave her during her stay in this port.
